RoHS Directive Compliance of Statement

DAJ Enterprise Co., Ltd. declares in corporate to prohibit the use of substances in accordance with the requirements of **EU DIRECTIVE 2011/65/EU; 2015/863 (RoHS)** as follows:

No.	Substance	Allowable Concentration
1	Cadmium and Cadmium compounds (Cd)	Less than 100 ppm
2	Lead and lead compounds (Pb)	Less than 1,000 ppm
3	Mercury and Mercury compounds (Hg)	Less than 1,000 ppm
4	Hexavalent Chromium compounds (Cr+6)	Less than 1,000 ppm
5	Polybrominated biphenyls (PBBs)	Less than 1,000 ppm
6	Polybrominated diphenyl ethers (PBDEs)	Less than 1,000 ppm

The maximum concentration values for the banned substances are:

- Lead Pb - 0.1% (1000 ppm) by weight in homogenous materials.
(normally in solder, PVC cable)
- Mercury Hg - 0.1% (1000 ppm) by weight in homogenous material.
(normally in plastics, lamps, relays)
- Hexavalent chromium - 0.1% (1000 ppm) by weight in homogenous material.
(normally in surface coatings, colorant)
- Poly Brominated Biphenyl PBB -0.1% (1000 ppm) by weight in homogenous material
(flame retardants)
- Poly Brominated Diphenyl Ether PBDE -0.1% (1000 ppm) by weight in homogenous material
(flame retardants)
- Cadmium Cd -0.01% (100 ppm) by weight in homogenous material
(normally in paints, lacquers, stabilizers)
